

Island Holiday Price Predictor

How to Save 20–40% by Booking the Right Month

A Travel Brochure–Style Lead Magnet for IslandStays

Welcome

Welcome to the Island Holiday Price Predictor — an exclusive guide created by IslandStays. With over 20 years of experience sending travelers to Mauritius, Maldives, Seychelles, Madagascar, Réunion, and Zanzibar, this guide helps you understand how to save 20–40% simply by choosing the right month.

How Island Holiday Pricing Works

Island pricing is influenced by school holidays, weather seasons, airline load factors, and resort demand cycles. Understanding these patterns unlocks major savings.

The 20–40% Savings Rule

Travel during low or shoulder seasons and you can save between 20–40% for the exact same room, flights, and board basis — just at a smarter time of year.

Cheapest Months Summary
